

Coronavirus Notice

Dear Parents,

As the situation is constantly evolving and guidance being regularly updated. We will continue to follow guidelines and provide our club with the high standard of hygiene and will act in the best interests of our childcare setting. We will notify you of any changes.

We will continue to;

Clean down tables at the start of the session with an antibacterial spray.

Keep the club area well ventilated, opening windows before the children arrive and keeping the ventilation flowing throughout the session.

Children will wash their hands with antibacterial soap before the session, after using the toilet, after outside play and as and when required throughout the session.

Hand sanitizer is also available within the club and is always readily available for staff and children.

We will continue to talk to the children about the importance of washing hands and will do this thoroughly (washing hands for 20-30 seconds, washing in-between fingers, around and in our nails) especially on arrival, after using the toilet, before eating and after playtimes.

Children are encouraged to use their elbow if they need to cough, use a tissue to sneeze, throw away and wash hands immediately.

If children become unwell during the club session, they will be sent home immediately and will isolate in an area at least two metres away from other children. If staff need to attend to the child for any reason ppe will be used. If staff feel unwell and have any of the Coronavirus symptoms, they will be told not to attend work and to follow guidelines to arrange a test and self isolate.

If your child is tested positive please inform us ASAP so we can follow procedures.

Surfaces, toys and door handles are cleaned regularly.

On collection please use an appropriate face covering and remain two metres from staff and other parents.

If the club closes for Health and Safety reasons directed by the NHS, Welsh Government, School or Vale of Glamorgan Council, or due to a high volume of staffing illness. We will notify you ASAP.

If you (parent or guardian) have any of the following symptoms (cough, cold, shortness of breath) please do not enter the premises and arrange for someone else to collect your child. Please let us know if someone different is coming to collect your child.

This notice will be updated as and when required and we will inform you of this.

Thank you for reading this notice and adhering to the above. If you have any questions please email us or speak to a member of staff.

Kind Regards
Kara & Kirsty

Mrs Kara Oakley and Mrs Kirsty Clarke
Managing Directors
